MEXICANS STONE PASSENGER TRAIN

Sunday night at 8:40 o'clock just as incoming T. P. passenger train No. 5 reached the second crossing in East El Paso, two Mexicans hurled at a fusillade of rocks at the train. One of the windows of a passenger coach was broken and the missile struck a passenger. Another passenger on the rear end of the observation car had a narrow escape.

As the train was passing, the Mexicans moved up the slope to the tracks. They caught sight of the man standing on the platform of the observation car and made every effort to stone him. Fortunately the flying rocks missed their mark.

Upon learning of the incident police chief L. N. Davis dispatched two mounted men to the scene. There was another passenger train due and it was thought that the stoning would be repeated. No attempt was made to molest the second passenger train.

No More Troublesome Superfluous Hairs

(The Modern Beauty)
Nothing is quite so annoying to a woman as ugly fuzzy growths on the face and while the electric needle brings relief it is no more effective than a simple paste made with powdered delatone and water. This paste is spread on the objectionable hairs for 2 or 3 minutes, then rubbed off. After this treatment the skin should be washed to free it from the remaining delatone and it will be soft, clear and hairless. Be sure, however, that you get the real delatone.—Advertisement.

MAY HELP IF YOU HAVE TUBERCULOSIS

Proper diet, fresh air and temperate habits aid persons suffering from Tuberculosis. Often more is needed. Reports show that Eckman's Alternative has brought about many recoveries. Read what it did in this case:

Madison Lake, Minn.
"Gentlemen,—In December, 1909, I was taken with hemorrhages of the lungs, which confined me several weeks, each time to my bed. My doctor advised me to go West. In November I started for Denver, Col. After my arrival I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alternative. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 165, my normal weight. I thank God and your Alternative for my health."
